

2 January 1952

MEMORANDUM FOR: CHIEF - PLANS
OFFICE OF SPECIAL OPERATIONS

STATINTL

SUBJECT: Project [REDACTED]

STATINTL

1. On 26 October 1951, the Covert Coordination Committee recommended an Administrative Plan for the conduct of CCC proprietary project [REDACTED]. This plan was approved by the AISO, and the project has apparently been implemented.

2. I have just been informally advised that material changes have been made, or are being contemplated, for the conduct of the project. These changes are apparently so material as to invalidate all or a major portion of the Administrative Plan as recommended by the Covert Coordination Committee and approved by the AISO.

3. The above is called to your attention for your information and with the request that if major changes in the project are in fact being contemplated that the Administrative Plan be brought before the Covert Coordination Committee for reconsideration.
